A 55-FOOT SILO -- that's is what this rubble pile represents. Until the twister roared thru at midnight Thursday this silo stood on the farm of Loren Sass, 167th st., Homer twp. Fifteen acres of timber on the place was flattened and the corn was badly damaged too. Several windows in the house were blown in. The Sasses were on fishing trip and returned last Friday when apprised of the situation. Their damage amounted to some \$20,000. (Graphic Newspapers photo)

Area Residents Clearing Up Damage Of The Storm

A violent thunderstorm that spawned a tornado, blasted and ripped its way thru the area last Thursday night and Friday morning, injuring 28 persons and taking a toll of homes, business houses, farms, crops and facilities of public utilities that has brought the damage up into the millions of dollars.

Now a week later much of the wreckage has been cleared away, power and telephone service is back to normal, and on Tuesday it was announced at Washington that this has been declared a disaster area and low interest bearing government loans would be available to help storm victims get back on their feet again.

Cong. John Erlenborn (R-14) who made a tour of the Lockport area last week-end said he would endeavor to get federal aid for rehabilitating the area.

It is estimated that it will be many weeks, however, before repairs will be completed. In too many instances, it was stated, repairs will not do the job. Some property owners will

have to rebuild completely.

There has been much hemming and hawing as to whether there was a tornado and as far as is known no official statement has been made that a twister was involved but people in the area have declared seeing funnel clouds, and heard that express train rumble a tornado makes while still aloft. Persons who have been thru tornados firmly believe that one or more of them were streaking thru the area skies last Friday morning, dipping now and then to destroy some object in their paths.

One of the most seriously injured persons was Lawrence Ohla, 46, whose farm between Cedar and Parker rd. was destroyed. He and his wife and two daughters are still in Silver Cross hospital. Also still hospitalized is his neighbor, whose farm across the road was also destroyed, Warren Bokoski.

There is a row of tree trunks along the road, about eight feet high. There was no trace left of the tops. Approximately 15 acres of oak and hickory timber on the Lawrence Sass farm in Homer township were leveled and a 55-foot concrete silo near the barn was stretched out along the ground.

The storm laid hundreds of acres of corn and bean flat on the ground and with the corn in ear it will not come back, farmers say.

New Lenox was lightly treated by the storm and the damage at Frankfort was confined largely to broken trees and wires. At Orland Park a car wash was destroyed and many trees and wires blown down.

The north end of the livestock barn on the 4-H Fred Francis field, on Francis rd. in New Lenox township, was destroyed but the exhibition hall escaped.

Mokena had many broken trees and wires and some roof damage, mostly from

flying debris or falling trees. No one in the New Lenox, Frankfort, Mokena, Orland Park area was reported injured.

Daniel Kurber, operator of the Mokena pharmacy, who resides to the east of Lockport, had a harrowing experience. He and his wife were awakened by the creaking and groaning of roof timbers and springing out of bed started for the rooms of their three children. As he reached the door leading into the hall the ceiling caved in, felling Kurber. The two older children, Danny and Cindy were in the hall and they were hustled downstairs. The youngest boy, Scott, about two, was asleep in his crib and when the parents reached the room it was to find him buried in plaster from the ceiling. He was rescued without apparent ill effect and the family finally made its way to the home of a neighbor. Neighbors turned out while the rain was still pouring down to help get the first floor

Loyalty Day Program At L-W Is In Top Ten

The annual Loyalty Day program conducted at Lincoln-Way high school under the auspices of the Harry E. Anderson post, No. 9545, and the William Martin post, No. 725, Veterans of Foreign Wars, was picked as one of the ten best to be conducted in the nation.

The 10th place award was accepted at the recent national convention of the VFW in Chicago by Harold Dailey, Americanism chairman of the New Lenox post.

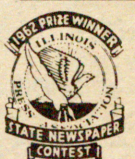

"When one sees what you have competed against," Dailey told members at New Lenox and Mokena, "This is

really quite an accomplishment. Of course, credit for success of a program of this type has to go to Lincoln-Way high school. The co-operation, enthusiasm of the faculty, band, chorus and student body was really terrific."

The annual Law-Loyalty day program is held at Lincoln-Way on or about May 1 each year as a pro-American anti-Communist declaration.

The two VFW posts of Mokena and New Lenox co-sponsor the program as part of their Americanism activities.

DON'T LET THE BUGS RUIN PICNIC

Going on a Labor Day picnic? Don't let bugs spoil your outing.

And we aren't speaking of the bugs you're thinking of -- ants, flies, mosquitoes, ticks, chiggers and the others. We're speaking of those unseen bugs that inhabit contaminated food and water, causing such ills as food poisoning, gastroenteritis and typhoid and paratyphoid.

Too many people do far too much to invite these unseen bugs to their picnics, according to the members of the Will Grundy County Medical Society.

Disease organisms, if present in food, multiply rapidly in warm temperatures. The trunk of your auto on a Labor Day weekend most likely will be warm, if not downright hot.

Prevention and avoidance are the keys to picnic safety. So don't do things with food on a picnic that you wouldn't do at home. Don't expect picnic food to keep any better than food at home. You wouldn't keep potato salad in the sun on a windowsill at home from early morning to suppertime.

Cooked meat combined with somewhat moist bread makes an ideal breeding place for bacteria. Don't make-up your picnic sandwiches the night before. Take the ingredients along in your picnic refrigerator and make the sandwiches on the spot.

Clear, running water does not mean pure water. A sparkling stream can be loaded with contagion. Take your water from home, or draw it from a tap of tested pure water at the picnic grounds.

Don't let food poisoning spoil your picnic and don't run the risk of a serious illness from water - borne disease.

Sept. 25 Date Set For Mokena School Bond Vote

A special election has been called by the Mokena grade school board for Sept. 25. On that date two ballots will be submitted to the voters of Dist. 159.

One would authorize the board to raise the educational fund tax rate a total of 21 cents, from the present 86 cents per \$100 of equalized assessed valuation, to \$1.07.

The other proposal would authorize the board to proceed with construction of the first phase (12 rooms) of a new junior high school building after purchasing 21.41 acres of land adjoining the Willowcrest school site for a central campus that would provide space for any future building.

The amount of the bond issue was not announced at this time because it is not known exactly what course is to be followed. The grade school board is to consult with a representative of the Illinois School Building Commission at Joliet today to ascertain if it can expect state aid in its building program. The bond issue would be one amount if state help is available and another and larger sum if such aid is not forthcoming. The board expects to make an announcement covering the situation next week.

The board has reportedly reached an agreement with the property owners to acquire the 21.41 acres for \$53,525, or \$2,500 an acre. The board looks upon this price as quite reasonable, a spokesman declared, in

Richard Lyle, With R.Is. 45 Years, Retires

Richard Lyle, 319 Carpenter st., Mokena, manager of the Rock Island railroad travel center in the Chicago offices of the railroad, retired Tuesday, Aug. 31, after 45 years of service.

He started with the Rock Island as a ticket clerk at LaSalle street station in December, 1925.

In September, 1949 he was named manager of the reservation bureau and subsequently promoted to assistant manager of the travel center. In December, 1962, he was named its manager.

Most Registrations For Medicare To Be By Mail

September 1 - the first day people 65 or over can register for the health insurance benefits under social security - does not mean that everyone age 65 or over should come to the social security district office to do so.

September 1 - the first day that some of those who are receiving social security benefits, railroad retirement benefits, or civil service benefits will receive applications in the mail for the medical insurance. Others will receive these in October, in November, and in December. These will be simple applications

view of the prices they have encountered. To buy the land now, they point out, will save money for the residents of the district.

The proposed campus site is the geographical center of the district, it was explained, and also the center of the residential area. Steps would be taken to have it annexed to the village of Mokena and thus assure it of water and sewer facilities, as well as police protection. Use of municipal sewer and water facilities costs less, according to districts that have had their own systems and then employed municipal services, the board was informed.

"With the Mokena area population rapidly expanding," a board spokesman declared, "school enrollments increasing, and the greater emphasis on education at all levels, it seems that good education can and should be available to all. The campus could be the educational and cultural center for the community."

"The master plan includes a community center that would be for everyone, public pupils, non-public pupils, all citizens young and old."

"The fact that the St. Mary school property adjoins the proposed campus seems to make the area even more desirable. The center might provide space for both school and public library; space for adult education classes and special art and book exhibits; space for scout activities and community organization activities, and perhaps even a community auditorium for plays and concerts."

There is a strong possibility, the spokesman added, that recent legislation for promotion of Supplemental Education Cultural Centers, would make federal aid available.

"The 21-cent increase in the educational fund rate would enable the district to continue hiring teachers as needed, equip new classrooms as they are constructed," the spokesman declared; "also to provide necessary teaching aids now and in the future to assure the best education possible for all pupils."

The last increase in the education fund tax rate was in 1959 when it was raised from 75 cents to 86 cents,

and they can be filled out and returned by mail. The social security personnel cannot advise you if you should or should not "sign up" for the medical insurance and pay the \$3 a month premium starting next July. You must decide this.

Due to the many inquiries we again point out that your first regular monthly check with the increase will not be mailed to you until the first part of October. There will be a special check mailed in the later part of September that will cover back payments due from January. This check will have the word "retro" on it.

For the past several years the board has levied up to the limit to have sufficient funds to operate but for the past two years the 86-cent rate has failed to provide enough income, it reported.

If raised from 86 to \$1.07 the board believes that for the first year, at least, it would use but 10 or 11 cents but as the school enrollment increases it will be necessary to levy more each year so the 21-cent increase is deemed necessary, the board spokesman declared.

The initial phase of the junior high program calls for 12 rooms, eight of them regular classrooms and four special rooms, including a science laboratory, music room, arts and crafts room and a large language arts room. Rest rooms and a small office also would be included. The board hopes to have this building ready by September, 1967. Enrollment figures show that it will be needed by that time, it was stated.

L-W Board Unexcited By Moves To Organize Junior Colleges

About four years ago Lincoln-Way high school district found itself in the middle of a junior college conflict and the L-W board of education itself wound up in the middle of the middle.

Another junior college conflict is now shaping up as a result of recent state legislation setting up machinery for establishment of separate junior college districts with their own boards, their own taxing powers, and aid promised by the state and federal governments.

Voters of Joliet township high school district, which now operates Joliet Junior college, will vote next Tuesday on whether the college is to set up its own district. The question on the ballot will be whether to approve a 25-cent tax rate for the junior college. If the vote is favorable the first step will have been taken to establish a Class I junior college district. The next and concluding step would be to elect a board to run it.

If the vote is against the tax a number of things could happen but observers close to the situation point out that the college is all set for the coming year and before the next school year comes around the tax issue could be voted on again--several

times--and that eventually approval could be expected.

Whatever the outcome of Tuesday's election may be the Lincoln-Way high school board and administrators are not getting excited about it.

At the meeting of the board last Thursday night the junior college question came up and while no formal action was taken the board indicated it had no intention at this time of becoming involved in any question of annexing to or participating in the organization of any junior college district.

This does not mean, a board spokesman pointed out, that withholding such action would deprive any Lincoln-Way graduate of an opportunity to attend junior college because of tuition. There is a provision in the state law, the spokesman said, that requires a high school district to pay the tuition charges of its graduates in the junior college of their choice.

This money would come out of the educational tax fund but there is also a provision in the law under which a high school board can levy a three-cent tax, without referendum (for several years, at least) for the specific pur-

pose of paying junior college tuition. Application for such assistance must be filed before July 1.

Since the state will be picking up a handsome portion of the operational cost, it was pointed out, a high school district's payment of tuition to a junior college would be held to a comparatively low figure.

The property owners of the district would find that paying tuition this way would be easier on their purses, the board spokesman said, than to pay a 25-cent junior college tax.

A half dozen or so areas in the region are planning to organize junior college districts and several other communities, in similar position to Joliet, hope to expand and will welcome affiliation once they get established as Class I districts, an observer declared.

Lincoln-Way high school administrators and board members expect to be approached eventually on joining in on some such movement but will make no commitments, it was indicated, unless given a clear mandate by an established majority of the voters of the Lincoln-Way district.

Folks Find Basements Safest Sleeping Places

MRS. VIRGINIA SASS
Telephone: 485-6424
The quiet little community was suddenly awakened Thursday night, by the storm and most families found their basements made excellent sitting and sleeping rooms. Many trees were downed and some damage to a few homes, therefore, the chain saws were buzzing over the weekend. Several outlying farms in the community, suffered greater loss than in Marley itself.
Mrs. Howard Markgraph of Peoria, Ill. and children spent a few days at the home of their aunt and uncle, Mr. and Mrs. Francis Peterson.

Mr. and Mrs. Norman Shephard have recently moved into Marley. Welcome.
Mr. and Mrs. Everett Bell returned home after a week in Colorado.
The Loren Sass family spent two weeks in Minnesota, where they were joined by the Wayne Peterson family of Grand Fork, N. Dak., and the LaVerne Hertzman family of Manhattan, Kan.

Mr. and Mrs. Francis Nelson vacationed thru the states of Ohio and Indiana.
Mrs. Arthur Johnson and children spent Thursday and Friday at the home of Fletcher Binions, upon returning with their daughter, Peggy, who had spent a week with them in Skokie.
The Clare Bergs and Fletcher Binion Sr.'s and Jr.'s. enjoyed Wednesday evening walking through the shops of Old Town and having dinner at the Pickle Barrel.
Mrs. Everett Sievert of Enid, Okla., spent a week with her sister, Mrs. Francis Peterson.

The Lester Cammack family have returned home, after their vacation in Minnesota.
Mr. and Mrs. Ted Sproat and Bonnie spent a week in Frankfort, Mich.
Mrs. Howard Griffin and children have returned home from their vacation in Michigan and Ohio.
We'd also like to welcome the Alwin family to the Marley community.

Methodist Church Plans To Honor Working People

Telephone: 479-3521

The Mokena Methodist church is again planning a Labor Day Sunday service to honor the working men and women, Sunday, Sept. 5 at 10:45 a.m.

Each person is asked to wear his workday clothing to church. The housewife is to come in housedress, the mechanic and carpenter in overalls, etc. Each person should also wear a tag which states what his or her occupation is.

Not only is this an excellent opportunity to become better acquainted with, and to appreciate the jobs of others, but it also helps each person to relate his daily vocation more closely to his Christian life.

Promotion Sunday is scheduled for Sunday, Sept.

5 at 9:30 a.m. All parents are asked to attend.

Linda Lee Hempfling, 19326 Beechnut, Mokena, will enter Indianapolis Methodist hospital school of nursing, Sept. 1, as a freshman.

All committee heads are urged to attend Wednesday, Sept. 8, when the PTA executive board of the Mokena grade schools meets. Mrs. Russell Bennett, president, will preside at the meeting scheduled for 8 p.m. at the Willowcrest school.

Mrs. Lloyd Leyerle entertained her Sunday school class at a cookout picnic at her home recently. Games were played and prizes awarded. Those present were: Christine Wrath, Connie Rose, Holly Helgerson, Kathy Warning, Sue Langland, Candy Fee, Robert Rust, Stephen Tomany, also, Susan Horras.

Kathleen Arnold of Mokena and John Williams of Oak Forest were married Saturday, Aug. 28 at 7 p.m. at the Frankfort Methodist church with Rev. James Parker officiating.

About fifty relatives and friends attended.

The Mokena Volunteer

Fire Department Auxiliary held its meeting Tuesday, Aug. 24 with 10 members attending. A bake sale will be held Friday, Sept. 10 beginning at 5 p.m. at Tuttle Gift Shop, Front st. The committee is Harriett Newton, chairman, and Donna Bueschel.

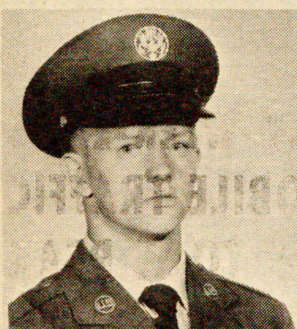

Committees are busy making plans for their hard-times dance, which will be held Nov. 6.

Refreshments were served by Harriett Newton and Georgia Bernard. Winners at bunco were Donna Mangun, Donna Bueschel, Cordie Bockmann and Tina Schultz.

Only 11 members played Thursday in Willow Run Ladies' Golf Club. Helen Churchill had a net 35, Jean Prina, a net 39. Helen Pagnoria, Dorothy Tyler, and Grace Mitchell tied with a net 42 with Helen and Dorothy winning the draw for the balls for the day. Helen also won for the low putts for the day also. This was Helen's lucky day.

Rita Schickling defeated Ardele Baker on their match play.

Grace Mitchell, game chairman, reports we will have individual stroke play for September. Four games must be played to qualify for prizes.

5-In Memoriam

IN MEMORIAM

Ed Bochmann, In loving memory of
my dear Husband and our Father who
passed away Sept. 8, 1964.
What is a home without a father,
Never, never the same,
There's no name as sweet as father,
How we love to call his name,
Our hearts still ache with lone-
liness,
Our eyes shed many a tear,
Only God knows how much we miss
him,
As it ends this first sad year.
